

CURB POURING NOTICE

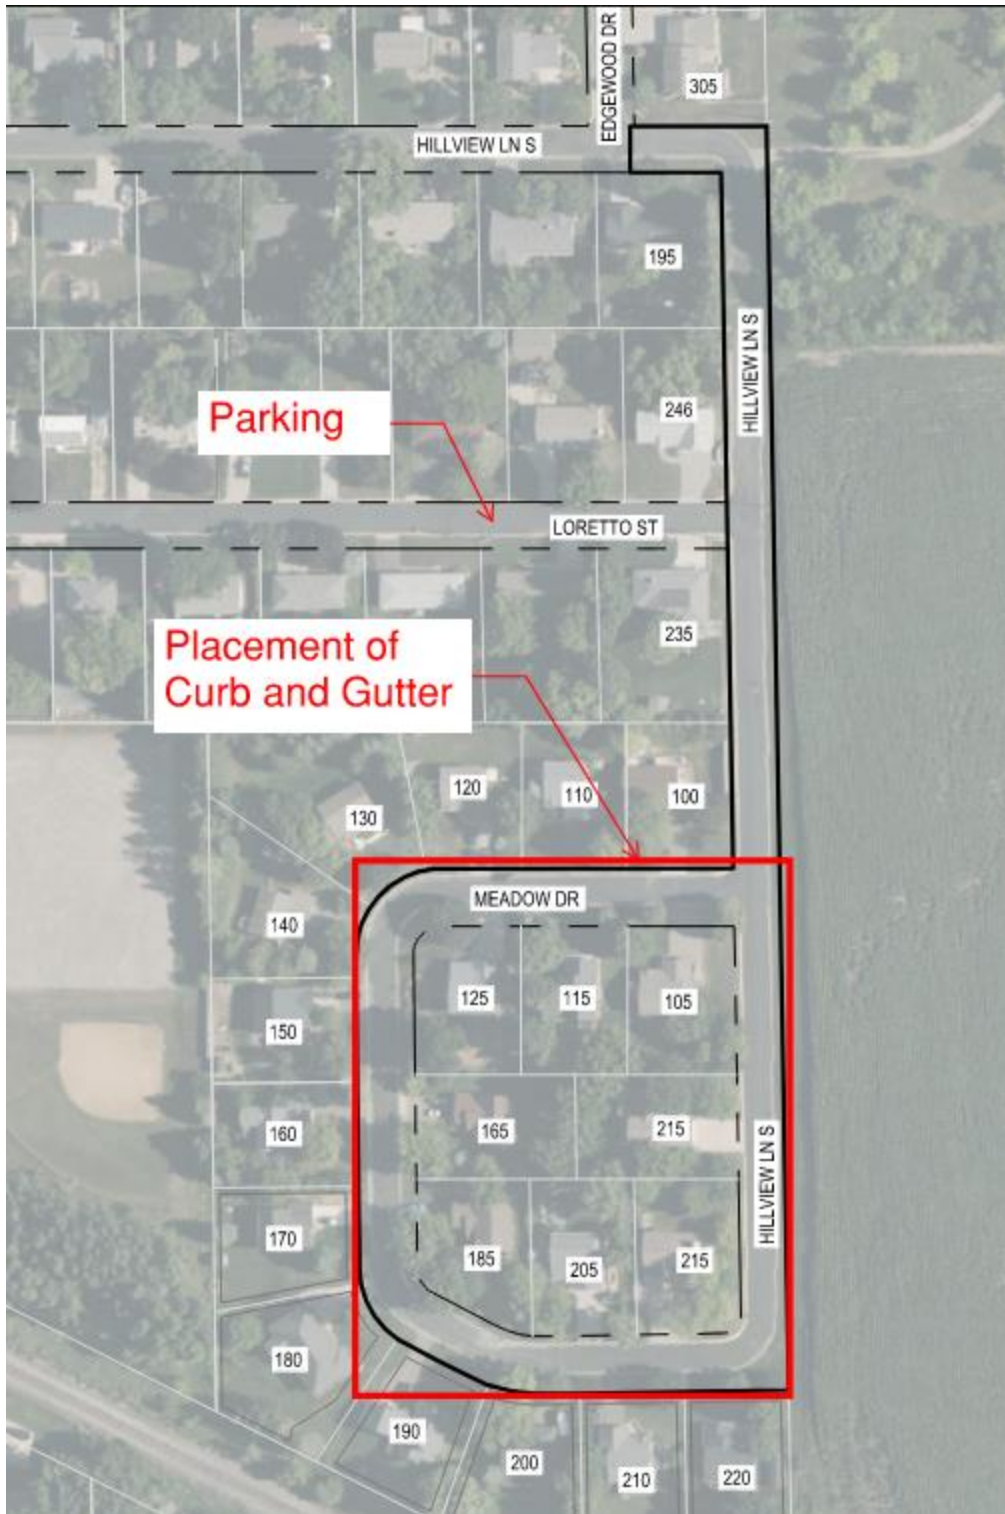

This notice is to inform you that new curb and gutter is being placed in front of your property. Work on curb and gutter is expected to start at 7:00 AM on July 29th provided no unforeseen issues arise. Once the curb is poured, residents will not be able to drive over the curb or have access to their driveway for 7 days or until cones have been removed. There will not be any on street parking in the Meadow Drive loop on July 29th. Residents will need to park on Loretto street for the day.

The contractor will be grading the roadway and setting stringline for curb on July 24-26th. The contractor will lower the stringline through the driveways so residents will still have access into their driveways until Monday.

Concrete driveways and concrete aprons will be poured at a later date, residents will be notified in advance of when this will start. The contractor will provide access to resident's driveways once 7 days have passed.

The contractor is anticipating the placement of the first lift of asphalt later in the week of July 29th. Residents will be notified when this is expected to happen.

If you have any questions regarding this work, please contact Joe Elsenpeter (612-477-1120) or Nick Wyers (952-838-5661). We apologize for any inconvenience this may cause and appreciate your patience through the Loretto 2023 Street Improvements Project.
