

CONCRETE WORK NOTICE

This notice is to inform you that work on pouring concrete aprons and concrete driveways is anticipated to start at 7:00 AM on August 8th. Once the concrete is poured, residents will not be able to drive over the concrete or have access into their driveway for 7 days or until cones have been removed. Residents can park on Meadow Drive during this work; however, they are asked to park a minimum of 15 feet away from the edge of their driveway to allow room for the contractor to work.

If your driveway is an asphalt driveway, a 3-foot concrete apron will be poured. Some asphalt driveways will require an asphalt patch which will be done at a later date.

If you have any questions regarding this work, please contact Joe Elsenpeter (612-477-1120) or Nick Wyers (952-838-5661). We apologize for any inconvenience this may cause and appreciate your patience through the Loretto 2023 Street Improvements Project.
